We Grow Community Through Giving

Since 1989, Greater Poweshiek Community Foundation (GPCF) has strengthened our communities and inspired philanthropy throughout Poweshiek County and beyond. We are a nonprofit, tax exempt 501(c)3 organization publicly supported by unrelated donors and we are governed by an independent volunteer board representing perspectives from around the county.

YOUR MISSION IS OUR MISSION

We work with you, the donor, to build inclusive, vibrant and sustainable communities to ensure a brighter future for everyone.

If you have questions about how to best harness the power of your local community foundation, contact GPCF today. GPCF is here to Grow Community Through Giving!

The Community Fund for Poweshiek County

Do you remember the old folk tale Stone Soup? Where the hungry traveler convinces wary townsfolk, who also feel short on resources, to each give a little something from their cupboard in order to make a fulfilling dish that can be shared with all. The Community Fund for Poweshiek County, much like Stone Soup, sounds pretty ordinary but its impact is great.

The Community Fund for Poweshiek County Endowment was created in 2009 to “plant the seed” for building an unrestricted endowment that would provide grants each year from a portion of the earnings. Almost 15 years later, more than \$100,000 has been granted to nonprofits and public entities across Poweshiek County from this endowment.

But there is still more work to be done. Our goal is to grow the Community Fund to \$1 million which will enable GPCF to grant nearly \$50,000 every year to continuing and emerging needs in the county.

Why is it important to keep enhancing our version of Stone Soup? Annually, GPCF receives requests for nearly \$150,000 more than we have funds available to grant. Our food banks, first responders, small municipalities, and community betterment committees rely on these grants each year to push their work forward. Community fund grants have helped our rural health care facilities keep pace with quality care, our libraries improve the variety and depth of services, and our schools enhance classroom and extracurricular experiences for all students.

When every donor gives a little, GPCF can share a lot of Soup. Endowments like the Community Fund are special because they are a gift that keeps on giving. Instead of the entire amount of the gift being spent outright, it is invested. Each year a portion of the interest earned is spent in the form of grants to support community needs while the remainder is invested to continuously grow the principal. Donors to this and any endowed fund might benefit further through the Endow Iowa Tax Credit Program.

The Community Fund for Poweshiek County Endowment is a great place for donors to make immediate and future impacts on local needs. Our stone soup gets better and better every year!

Community Fund grants support projects such as repairs in pioneer cemeteries and new, safe equipment in child care centers.

Greater Poweshiek Community Foundation works closely with donors and nonprofits to create impactful change and positive growth for our communities, primarily through grantmaking. Each year we disburse over \$850,000 through grants, scholarships, endowments, donor-advised funds and designated funds. When donors work with us to creatively invest in their community, big change happens!

MAKING CHANGE AS CHANGE DEMANDS

GPCF created the Instant Impact Fund in 2019 because not every project fits within our static granting cycle. Seeking to be the solution for nonprofits, this \$1,000 grant program provides flexibility to get a project off the ground or address an emergent situation. The application is simple and a decision can be reached within a week of the application. Since inception, 19 grants have assisted organizations in the county when the funding was needed instantly. Donors can become instant grant-makers when they make a gift to the Instant Impact Fund.

EDUCATING AS A LEGACY

Lydia Reida dedicated her life to educating children, and she continues to do so long after her passing in 1999. After a 36 year career teaching math and science at Grinnell Middle School, she left a legacy gift to ensure GMS science teachers could get what they needed for their classrooms. The Lydia Reida Science Fund is an endowed designated fund which makes a disbursement to the science teacher team at GMS every year to be used at their discretion for items to enhance science learning for students. Donors that are thinking about estate planning can consider creating a designated fund to benefit a cause they care about in perpetuity.

LIVING TO SERVE

Leah Keller faced an unthinkable tragedy when her husband, Chris, passed away in the aftermath of the derecho in 2020. Chris loved his family and serving the community. Leah established Chris' Heart Fund in his honor to help other families in times of crisis. She and a small committee of helpers proactively seek out local families that might benefit from an immediate helping hand when their needs are greatest and resources are stretched thin. Establishing a memorial fund creates a lasting legacy for a loved one and provides others with the opportunity to celebrate someone's impact on their own lives.

MEETING STUDENT NEEDS

GNSF Director, Liz Hansen, knows from experience that sometimes a simple item can unlock worlds of potential for a student. In her 34 years as an educator in Grinnell schools, she saw teachers quietly filling gaps for students, be it running shoes for the track season or a registration fee for a festival. The STRIPES Fund was established in 2021 to help more teachers connect more students to what they need to succeed by removing financial barriers related to academic needs, program fees, equipment needs, and transportation costs. To date, the fund has supported more than \$32,000 in requests.

MOVING HISTORY FORWARD

When the Grinnell Historical Museum Society recognized they had outgrown their space in the Victorian-era home, the board approached GPCF for assistance to launch a capital campaign to create a new interactive museum space at 703 1st Avenue in Grinnell. Donors and historians recognize the value in properly showcasing Grinnell's vast history in engaging, changeable, and accessible ways. Gifts to the \$1.5 million campaign by December 31, 2023 will be key to major renovations in 2024.

SUPPORTING SUCCESS FOR GRADUATES

Why support Grinnell-Newburg Dollars for Scholars and other scholarships? Scholarships help to minimize debt which is important because the average college student graduates with about \$30,000 in student loans. Scholarships also support communities of people who have not historically had access to higher education, pay for tools that support learning, and support social issues.

Since 1998, Grinnell-Newburg Dollars for Scholars (DFS), in partnership with GPCF, has supported students in the Grinnell-Newburg School district by offering general and named scholarships. DFS has given close to \$400,000 in scholarships since its inception but as the cost of higher education increases, your gift helps DFS increase their capacity to provide scholarship support to more Grinnell-Newburg High School graduates.

COMMUNITY LEADERSHIP

Greater Poweshiek Community Foundation exists to inspire philanthropy through effective granting, responsible investing, and building partnerships in order to enhance inclusive, vibrant, and sustainable communities and nonprofits in Poweshiek County. We strive to be the first stop for donors and nonprofits when they want to turn ideas into action to benefit our communities.

ADVOCACY

GPCF belongs to many networks and advocacy groups that help keep our finger on the pulse of philanthropy in Iowa and beyond.

NONPROFIT GUIDANCE

GPCF supports 9 partner boards and 129 board members with financial management, governance oversight, grant administration, leadership development, and much more.

Volunteer nonprofit boards are integral to the organizations they serve but it is easy to become overwhelmed by the complexity of managing a nonprofit. GPCF takes its community leadership responsibility seriously which is why we have created this (mostly serious) top ten list to help donors understand our role.

GPCF board and staff connect with legislators through these networks to inform them about the causes you care about.

TOP TEN REASONS NONPROFITS AND DONORS BENEFIT BY PARTNERING WITH GPCF

- 10 Cost-sharing among many organizations creates economies of scale.
- 9 Accessing a variety of services many nonprofits would find difficult to access alone.
- 8 Collaborating on new ideas and trends in philanthropy.
- 7 Building peer networks offers therapeutic support when addressing nonprofit challenges.
- 6 Strengthening advocacy efforts by connecting to champions for your cause.
- 5 Pooling investments among partners offers a greater rate of return.
- 4 Promoting inclusivity through wide perspective representation.
- 3 Sharing responsibilities makes light work of the heavy lifts like fundraising.
- 2 Working with some of the friendliest and most competent staff in the area.
- 1 Accounting. Accounting. Accounting. And gift acknowledgement. GPCF takes care of the details so nonprofits can focus on their mission.
